

2019 MIPS Eligibility Status

(Re)Check Your 2019 Eligibility Status

CMS recently updated MIPS eligibility status for 2019 based their latest review of Part B claims and PECOS data (from 10/1/2018 to 9/30/2019). ECs are encouraged to use the [QPP participation status tool](#) to verify their updated eligibility status for 2019.

2019 Low-Volume Threshold Criteria & Voluntary Reporting Options

CMS has added a third low-volume threshold criteria that excludes clinicians and groups providing 200 or fewer services during either of the two determination periods (10/1/2017 to 9/30/2018 or 10/1/2018 to 9/30/2019).

Options for ECs Not Eligible for MIPS

Clinicians and groups who are not eligible can still choose to report data to MIPS. Those identified "opt-in eligible" by the participation status tool can elect to:

- Opt-in to receive a payment adjustment (positive, negative or neutral)
- Voluntarily report and not receive a payment adjustment.
 - Note: Once made, elections are binding/irreversible. ECs choosing to opt-in/voluntarily report need to complete an election to via the [QPP website](#) once the submission period opens on 1/2/2020.
