Don't Delay: Submit Your Data Now & Avoid the Penalty

Do you know how much money you will lose if you don't report your MIPS data?

The deadline is fast approaching for MIPS-eligible clinicians to [submit data](#) for the 2017 performance period. Data must be submitted to CMS on or before **March 31, 2018** to avoid the negative payment adjustment.

ECs are strongly encouraged to get their submission completed ASAP to **avoid a 4% decrease** in Medicare reimbursement. Allow time to deal with any submission issues - don't wait until the deadline day.

If you want to learn how to report MIPS data free of charge, don't delay. Call Telligen's QPP Resource Center at 1-844-358-4021 or email us at qpp-surs@telligen.com.
