

MIPS Submission Deadline Extended to April 30, 2020

Due to the developing COVID-19 situation, CMS has extended the deadline for submitting 2019 performance data to **April 30, 2020**.

EC that submit data for two or more performance categories by April 30th will be scored and receive a 2021 payment adjustment. ECs can revise previously submitted data &/or make changes by logging into the [program website](#) before the new deadline.

Extreme and Uncontrollable Circumstances Update

ECs that don't submit data by April 30th will **automatically receive a neutral payment adjustment** for the 2021 payment year. No additional action is required to qualify for this automatic extreme & uncontrollable circumstances policy. CMS will continue monitoring the situation & assess options for bringing additional relief to clinicians & their staff.
